Sponsored by Ministry of Human Resource Development (MHRD)
under the scheme of Global Initiative of Academic Networks (GIAN)

Organised by
Department of Management Studies
School of Law, Governance, Public Policy and Management

Strategic Foresight and Innovation. **Megatrends that reshape our World.**

MHRD Scheme of Global Initiative of Academic Networks (GIAN)

1. Overview

Abraham Lincoln once said: “The best way to predict the future is to create it”. Strategic Foresight and Innovation course teaches companies to predict the future, prepare for it and create new products, services and business models that would harness political, economic, social and technological mega tendencies that reshape our world. Participants will learn how to contemplate new tendencies in corporate strategies and how to prepare for various possible scenarios in future.

Upon course completion, participants will be able to use Strategic Foresight as a tool to identify business opportunities through the creation and analysis of future scenarios both for industries and organizations. In addition, course explores the major trends that already reshape or have a potential to reshape our future, such as Open Innovation, Autonomous Vehicles, Augmented Intelligence, Robotics, Augmented and Virtual Reality, Artificial Intelligence, Digital Printing, Crowd sourcing and many more.

2. Objectives

The primary objectives of the course are as follows:

- i. Learn to predict, anticipate and create the future.
- ii. Understand the future trends, technological and societal transformations.
- iii. Learn tools to find innovative solutions and create a meaningful change in organizations.

3. Teaching Faculty

Foreign Faculty

Professor Valery Chistov,
CEO of Disruptive Foresight Think Tank (Spain) and
lead researcher at the Lab of Complex Systems in
Social Sciences at University of Alcala

Host Faculty

Dr. Sunita Tanwar
Department of Management Studies,
School of Law, Governance,
Public Policy and Management
Central University of Haryana
Mahendergarh-123031

4. Course Details

Duration: 2 Week (Marh 16 to 27 March, 2020)th th

Lecture Schedule	
Day 1	Lecture 1: 10:00 -14.00 PM Introduction to Strategic Foresight. Importance of predicting the future. Conceptual Framework of Strategic Foresight, Strategic Planning

From Patron & Vice-Chancellor

I am happy to know that, continuing with the vision of the University to promote collaborative initiatives in academics, the Department of Management Studies of Central University of Haryana is organizing a course titled "Strategic Foresight and Innovation" from March 16 to 27 March, 2020 under the MHRD scheme of Global Initiative of Academic Networks (GIAN). We take pride in sharing with the stakeholders that this course is the 17th GIAN Course conducted by the University.

It is enlightening to note that the Course will cover the relevant aspects of Introduction to strategic foresight, strategic planning, the systemic thinking, prospective thought to strategic action, elements of the future foundations, quality and quantity information, qualitative tools, quantitative tools, analysis of business planning, implementation of strategic foresight to identify business opportunities negative and positive scenarios, big data, 3D printing, autonomous cars crowdsourcing, future of education, innovation and crime, internet of things, open innovation, personalization population change initiatives. The GIAN Course shall engage the participants in thoughtful discussion on strengthening the customer change, smart cities robotics, social innovation, social media virtual reality, augmented reality, digitization, sharing economy, design thinking, future of Job markets. Besides, the expertise of the foreign expert conducting the GIAN course convinces me of its success.

We hope that the students and faculty of different universities shall take the fullest advantage of the course which is designed in order to orient the participants towards innovative and emerging trends in the specific area to be covered by the GIAN course.

Here, we would like to extend my compliments to the host faculty Coordinator for carrying forward the agenda of the University to adopt innovative pedagogies for dissemination of knowledge.

At the end, I wish the very best of luck for the organization of this course.

Prof. R. C. Kuhad (FNAS, FNAAS, FBRSI)

Foreign Faculty

Prof. Valery Chistov is a lead researcher at the Lab of Complex Systems in Social Sciences at University of Alcalá (Spain). Previously he was holding the position of Director of Entrepreneurship and Innovation program at Tecnológico de Monterrey University (Mexico). In addition to this Prof. Valery is a CEO of Disruptive Foresight, an international consulting & training company dedicated for preparing companies for disruptive changes in their industries, as well as designing competitive internal innovation management systems. He has more than 10 years of extensive professional experience as a consultant for such international companies as Continental Tires, 3M, Estafeta, Gazprom, WTC Industrial, and ABB Contitech, Peasa among others. His latest work is in the field of eco-innovation and ecopreneurs. Prof. Valery is an expert in the fields of corporate innovation, entrepreneurship and creativity. Apart from consulting, he has guided more than 20 startups from development of business models to prototyping and successful market entry. He is an active member of International Society for Development and Sustainability, and Association for Business Communication, where he is currently nominated for the position of Vice President for Caribbean, Mexico, Central and South America. He constantly represents himself at international conferences and forums related to entrepreneurship and innovation, and was a keynote speaker in Startup Week Latin America in 2015.

Host Faculty

Dr. Sunita Tanwar is presently working as an Assistant Professor in the Department of Management Studies, School of Law, Governance, Public Policy and Management at Central University of Haryana. She is an expert in the field of entrepreneurship and having fifteen years of extensive experience of teaching and research.
