- c) Write a critical note on Cattell's theory of personality.

Question No. 5. (2X7=14)

- a) Discuss five factor model of personality with the help of research evidence.
- b) Explain projective techniques as methods of measurement of Personality.
- c) Discuss the importance of Triguna Theory in understanding Personality.

CENTRAL UNIVERSITY OF HARYANA

Term End Examinations May /June 2018

Programme: M.Sc.(Psychology)
Semester: II
Course Title: Research Design and Analysis
Course Code: SAHS PSY 01 02 07 C 5005

Session: 2017-18
Max. Time: 3 Hours
Max. Marks: 70

Instructions:

1. Question No. 1 has seven sub parts and students need to answer any four. Each sub part carries three and half Marks.
2. Question No. 2 to 5 have three sub parts and students need to answer any two sub parts of each question. Each sub part carries seven marks.

Question No. 1. Describe briefly any four of the following: (4X3.5=14)

- a) Systematic vs. error variance
- b) Main vs. interactive effect
- c) Differential transfer effect
- d) Non equivalent comparison group
- e) Quantitative vs. qualitative research
- f) Reality and objectivity in qualitative research
- g) Narrative analysis

Question No. 2. (2X7=14)

- a) Describing various purposes of research design, explicate its principles.
- b) Prepare a layout of a three-factor mixed design and elaborate it with suitable research example.
- c) What is meant by post-hoc test? Apply Tucky's test on the following data:

Treat 1	18	21	17	19	16	25	23	20	24	22	18	22	25	20	19	21	26	24	22
Treat 2	23	24	21	25	20	27	29	28	24	23	26	29	26	23	24	24	30	26	29
Treat 3	17	14	15	13	21	12	16	19	18	20	18	14	16	22	17	14	19	21	17

Question No. 3. (2X7=14)

- a) Describing two-factor repeated measures design, bring out major limitations of this type of designs.
- b) When is quasi-experimental design preferred over experimental design? Justify your answer.
- c) Describe and evaluate interrupted time series design.

Question No. 4. (2X7=14)

- a) Describing the assumptions of qualitative research, delineate its applications in the field of psychology.
- b) Bring out basic strengths and weaknesses of qualitative research approach.
- c) Deliberate on the issue of subjectivity and validity in qualitative research.

Question No. 5. (2X7=14)

- a) Discuss and evaluate grounded theory as a method of qualitative research.
- b) In which situations is focus group discussion most suitable and how? Discuss.

Course Title: Biopsychology

Max. Marks: 70

Course Code: SAHS PSY 01 02 05 C 5005

Instructions:

1. Question no. 1 has seven sub parts and students need to answer any four. Each sub part carries three and half Marks.
2. Question no. 2 to 5 have three sub parts and students need to answer any two sub parts of each question. Each sub part carries seven marks.

Question No. 1.

(4X3.5=14)

- a) Define Biopsychology.
- b) What do you mean by Supportive cells?
- c) Explain nerve impulse conduction.
- d) What are neurotransmitters?
- e) Organization of Nervous System.
- f) What are the types of sleep?
- g) What are Endocrine Glands?

Question No. 2.

(2X7=14)

- a) Discuss lesion and ablation the Brain.
- b) Explain in detail the scope and approaches of Biopsychology.
- c) Explicate the scanning methods of studying the Brain.

Question No. 3.

(2X7=14)

- a) Explain in detail the structure, functions and types of Neuron.
- b) What is Synaptic Transmission? Discuss structure and process of Synaptic Transmission.
- c) Discuss various types of neurotransmitters.

Question No. 4.

(2X7=14)

- a) What are the divisions of Autonomic Nervous system? Explain in detail.
- b) Discuss Structure and functions of Nervous System.
- c) Discuss in detail Peripheral Nervous System.

Question No. 5.

(2X7=14)

- a) Explain structure, location and functions of Endocrine glands.
- b) Analyze the neural mechanisms of hunger and thirst.
- c) Discuss in detail the physiological mechanisms of sleep and waking.

CENTRAL UNIVERSITY OF HARYANA

Term End Examinations, Nov/Dec 2017

Programme: MA (Psychology)

Session: 2017-18

Semester: II

Max. Time: 3Hours

Course Title: Cognitive Psychology

Max. Marks: 70

Course Code: SAHS PSY 01 02 06 C 5005

Instructions:

1. Question no. 1 has seven sub parts and students need to answer any four. Each sub part carries three and half Marks.

2. Question no. 2 to 5 have three sub parts and students need to answer any two sub parts of each question. Each sub part carries seven marks.

Question No. 1. Describe briefly any four of the following:-

(4X3.5=14)

- a) Functional Fixedness
- b) Incubation
- c) Top-Down processing
- d) Divided Attention
- e) Heuristics
- f) Morphology
- g) Feature Analysis

Question No. 2.

(2X7=14)

- a) Describing the nature of Cognitive Psychology, explicate its scope.
- b) Discuss in detail information processing approach to Cognitive Psychology by elucidating relevant studies.
- c) Describe and evaluate physiological methods for the study cognitive phenomena,

Question No. 3.

(2X7=14)

- a) Discuss the nature of attention and show your acquaintance with dichotic listening.
- b) Discuss in detail the Broadbent's filter model of selective attention.
- c) Describe how template matching helps in pattern recognition?

Question No. 4.

(2X7=14)

- a) Discuss the nature of memory and highlight its types.
- b) Critically evaluate Multi-store model of memory.
- c) Why do we forget? Compare and contrast Decay theory with Interference theory.

Question No. 5.

(2X7=14)

- a) Explain the structure of language acquisition.
- b) Describing the meaning of problem solving, delineate stages of problem solving.
- c) What is the basic nature of thinking? Describe its role in concept formation?

TEST OF ABILITY IN MATHEMATICS

SECTION I - Multiple Choice

Directions: Write the letter of the correct answer in the space provided.

1. A number is 10 less than 5 times another number. If the sum of the two numbers is 14, what is the larger number?

- Question No. 1
- (A) 4
 - (B) 5
 - (C) 6
 - (D) 7
 - (E) 8

- Question No. 2
- (A) 10
 - (B) 12
 - (C) 14
 - (D) 16
 - (E) 18

- Question No. 3
- (A) 15
 - (B) 18
 - (C) 21
 - (D) 24
 - (E) 27

- Question No. 4
- (A) 30
 - (B) 35
 - (C) 40
 - (D) 45
 - (E) 50

- Question No. 5
- (A) 55
 - (B) 60
 - (C) 65
 - (D) 70
 - (E) 75
