

With the approval of the competent authority the following Working Groups of **Granth Academy** have been constituted. The Objectives of the Granth Academy are to become instrumental in —

- Translation of great Indian classical texts in official language, important regional languages and English.
- Publication of the original researches and writings which present a logical argument in defense of oriental/classical Indian knowledge system.
- Development of a repository of Indian folktales and folklores in regional languages.
- Providing low cost/affordable edition of all relevant and standard Indian texts for all levels/segments of learners and readers.
- Coordination with state-level Granth Academies, National Book Trust, Sahitya Akademi, archives, libraries and other organisations to procure the available resources to be translated or published in other major languages.
- Promotion of translation, interpretation and adaptation as important art for promotion and preservation of treasure trove of Indian classical texts.
- Giving platform to young researchers, columnists, translators and writers to research and publish on India-centric themes.
