Dr Phool Singh

Associate Professor, Mathematics (SoET)

Room No. 107, School of Engineering and Technology

phoolsingh@cuh.ac.in

8376959182 (10 AM - 5 PM)

Dr Phool Singh received his PhD in Mathematics from Banasthali University in the area of Computational Fluid Dynamics, and MPhil, MSc and BSc from Maharshi Dayanand University, Rohtak. He has been working at the Central University of Haryana as Associate Professor of Mathematics under the School of Engineering and Technology. Earlier, Dr Singh has served Avvaiyar Government College for Women, Karaikal, Puducherry and The NorthCap University Gurugram as Assistant Professor of Mathematics. In 2006, he qualified CSIR-NET, and GATE (AIR- 23). He is an active researcher, and published more than 60 research papers in international journals of repute and edited three conference proceedings. He has diverse research interests encompassing optical image processing, computational neuroscience and computational fluid dynamics and promotes open source software like Scilab, Octave, Openfoam. He has also worked as a principal investigator in a project (Parkinson's disease) funded by Cognitive Science Research Initiative (CSRI-DST).

Publications in Last Three Years
